

# SUPER ALL STARS

## 2022-2023 - 1/4 SEASON SENIOR ELITE

Birth years 6/1/03-2010

Anticipated Level: Senior Level 3

In our 28th season and our longest standing competitive tradition, this program was specifically created to accommodate athletes that are active members of their school community cheerleading programs and wish to extend their cheerleading experience post high school season. This beloved experience has introduced lifelong friendships that would have otherwise never been and also allowed the best of both worlds for hundreds of athletes over the years to compete on the national scene.
